

Ordering Compounded Semaglutide & Tirzepatide via eScribe

Step 1 – Locate AGERite Pharmacy in eScribe

- In your ePrescribing system, search for AGERite Pharmacy or AGERite Pharmacy and Wellness.
- If the name search does not return results, use NPI 1194430892 or NCPDP number 5939927 from the pharmacy.
- Verify that the address and contact details match those on ageritepharmacy.com:
- Address - 18727 Telge Road Suite 160 Cypress, TX 77429

Step 2 – Select Medication

- Choose 'Compounded Medication' option. If your system requires manual entry, use Free-Text Compounded Prescription.
- Enter the following as appropriate:
- Medication Name: 'Compounded Semaglutide Injection' or 'Compounded Tirzepatide Injection'
- Formulation: Injectable solution, subcutaneous use
- Concentration Options: Confirm available strengths with pharmacy
- Quantity: Specify mL or monthly total volume
- Refills: As clinically appropriate

Step 3 – Directions for Use

- **Example for Semaglutide:** Inject 0.25 mg subcutaneously once weekly for 4 weeks, then increase to 0.5 mg once weekly; titrate as directed.
- **Example for Tirzepatide:** Inject 2.5 mg subcutaneously once weekly for 4 weeks, then increase to 5 mg once weekly; titrate as directed.
- **Note:** Dosing should be customized to patient needs and titration schedules.

Step 4 – Diagnosis Code

Include the appropriate ICD-10 code(s)

- E66.9 – Obesity, unspecified
- E11.9 – Type 2 Diabetes Mellitus without Complications
- R63.5 – Abnormal weight gain
- Or other clinically relevant diagnosis

Step 5 – Prescriber Notes (Optional)

- Add 'Compounded medication, prepared by AGERite Pharmacy'. Include patient training needed if first fill.
- Specify delivery preference – to clinic, to patient

Step 6 – Finalize & Transmit

- Review all fields carefully. Transmit electronically via eScribe.
- Pharmacy Phone: 281-654-8417 - Pharmacy Fax: 281-605-1912
- Email: compounding@AGERitepharmacy.com
